

THE INTERNATIONAL BIBLE TRAINING INSTITUTE

Name of Applicant

As a vocational training centre our vision is very clear. We believe in the calling of God on the individual and realize that many fail to develop it because they are not aware of their gifting and full potential in God.

We are committed to help young men and women discover their vocation if they have not yet done so, define it if they lack understanding of it or develop the already present vocation by empowering it.

In view of this will you affirm your commitment to engage in this vision?

Please answer the above question: Yes or No:

Kindly write below, in approximately 300 words, your testimony and the spiritual journey of your vocation.
